Examinations-settlement. [90E85] [damaged]

Pa. ... , appellants, and pa. ... , respondents, touching the legal settlement of the children of D... his her or their own right but whose settlement respectively ... the said David William whose settlement were confessedly in ... agreement ... on plain paper. "A note of agreement made and including between Morris Evan of ... allwyd in ... in co. Meirioneth of the one part and David William of Pantysbyddid in pa. Penn... in co. ... of the other part, viz., Whereas Morris Evan do set and let unto the said David William part of the land f Brynllwyd tenement called by the names of Llechwedd y Coed, Cau lletu yr nant, Cae bach, half of Ychenedd which said Morris Evan is turn in only two cattle foddering and he the said David William is to pay to the said Morris Evan the sum of £12 for the above land together barn, cowhouses. With the said land as witness my hand this 18 March 1778 – Maurice Evans – David William – the mark of Hugh Rees". The children have been removed from Machynlleth to Talyllyn by order of 2 J.P.s on the part of Machynlleth and in support of the said David William having gained a settlement under such taking in pa. Talyllyn the following proof is offered.

Hugh Rees of Towyllnodwydd, a farmer, in pa. Pennal who is a marksman and one of the subscribing witnesses to the said agreement says that he was present when the said Morris Evan and David William and one John Evans of the town of Machynlleth when he was shown a paper writing which he was told was an agreement to let part of Brynllwyd farm and was desired to see it signed by the said Morris and David and to attest it with John Evans and this examinant attested it. That the said agreement is the paper that was so signed by the said Morris Evan and David William and attested by the said John Evans and examinant. That said John Evans is dead this examinant having attended his funeral. That he was told at the signing of this agreement that the rent was £12 per annum. That he does not recollect how many years since the signing the said agreement but says it was before David William entered the said premises.

John Rowland of Machynlleth, shoemaker, says that he has often seen the said John Evans with his ... whereby he became well acquainted with the character and manner of his handwriting, that he has looked after the agreement and verily believes the name John Evans appearing as one of the subscribing witnesses thereto is of the proper handwriting of the said John Evans. That the said John Evans is dead this examinant having seen him in his shroud and attended his funeral.

John Owen of Machynlleth pays no taxes nor does he hold any land in pa. Machynlleth says the same as John Rowland the last witness about the handwriting of the said John Evans one of the subscribing witnesses to the said agreement and about his death says that the said David William die din or about the month of August last, that a few days before his death his landlord Thomas Morris (since deceased) went to him when he was in his bed and very ill and told him he was uneasy for want of knowing where his parish was that he might know where his children were settled whereupon David William delivered the said agreement to the

said Thomas Harris and said here is the paper I have concerning as examinant apprehended to show his settlement take this and see whether it is good for something or not.

Morris Jones of Lledfor in Machynlleth holds no land nor does he pay any taxes in the parish says that David William when he quitted Brynllwyd went to reside at Poisnot in pa. Llanwrin where he rented part of a dwelling house and two fields under examinant for £7 a year. That David William frequently told defendant he rented £10 a year under his brother-in-law Morris Evan at Brynllwyd during the time he was there.

... Jones's wife will also prove that she frequently ... pa. Talyllyn under the said Morris Evan at Brynllwyd ... David Humphreys of Cwmcadaiu in Pennal the adj. ... William rented Llechwedd y coed, Caellettyrnant, Cae bach and ... part of Brynllwyd ... in pa. Talyllyn under Morris Evan for two years and that he heard of more than one agreement.

Hugh John of Cwmgile in pa. Pennal, farmer, says he heard David Williams frequently say the summer of the first year he lived at Brynllwyd when they were carrying bark together and at other times that his taking at Brynllwyd was £12 per annum and that Morris Evan at May following took one piece of land from him and lowered the rent to £10 a year.

Edward Jones of Rhydaled and Howel Jones of Ysguboriau, both in pa. Pennal, farmers, say that about three or four years ago David William came to Pennal to a vestry to know if they would relieve him, and upon being asked about his settlement he said his holding at Brynllwyd was two fields for £8 a year, 30s for his horses grazing in the wood per annum and 10s a year for a stable, in all £10 a year.

Harry Hugh of Cynfel Fawr in pa. Towyn, farmer, says that he has viewed the buildings and lands which were occupied by David William under Morris Evan that the same was shown him by witnesses in the presence of inhabitants of pas. Pennal and Tayllyn. That the said buildings and land are worth the sum of £12 12s a year and that if the same were to let he this deponent would give that rent for the said premises: Half of Ychenedd £3 5s; Caellettyrnant £1 15s; Llechwedd y coed £5 5s; Cae Bach 12s; the house £1 5s; the stable 10s; total £12 12s.

On th behalf of the appellants it is contended that the said David William gains no settlement in pa. Talyllyn by renting the said premises in Talyllyn and in support thereof the following evidence is offered.

Hugh Owen of pa. Talyllyn who pays no taxes nor does he hold any land in the parish aged 40 years or thereabouts says that early in the summer after David Williams the father of the paupers went first to live at Brynllwyd in pa. Talyllyn he heard Morris Evan the tenant at Brynllwyd say that there was a second bargain made between him and the said David William before David entered on the premises. That the first bargain was for £12 a year, that the second was for £8. That under the first bargain David was to have Caellettyrnant, Cae bach, the wood, Ffridd fach and the small house in the front of the dwelling house the ilse and the gulf of a piece of land called Yr henedd. That the said Morris told examinant under the second agreement David William was to have all the said premises except Ffridd fach. That Ffridd fach would keep six head of cattle from May Fair 16th to September Fair 18th and that the keep was worth from 12 to 14s per head and the wintering worth about £1. That examinant said to Morris previous to any conversation that the parish were very angry with him for taking David William into the parish for he would be settled there and he then said they need not I have made a second bargain. On this witness being asked why the second bargain was made he replied that he thought it was because David William was poor. He say ... does not ... of the premises which were occupied by the said David William ... stock consisted of 1 cow and a heifer between two and three years old and ... an other ... That said Morris and the said David William had some corn ... they divided but he ... know how many acres. Morris told him the second bargain was before David William entered on the ... and that he saw Morris with a black eye which Morris told him was occasioned by a blow he ... David William when the second bargain was made. Does not know any thing of the first or second bargain except what Morris Evan told him. That David William quitted said premises ten years next May.

Griffith Edward of Diserin Isaf in pa. Llanfihangel y Pennant in co. Meirioneth says that during the first year David William lived at Brynllwyd, viz., twelve years next summer he heard David William say he paid £8 a year to Morris Evan for Caellettyrnant, Llechwedd y coed, half of Yr Henedd and the whole of Cae bach. That the said David had no buildings by themselves except the dwellin house where he resided (which is opposite the farm house) and the isle. That the said Morris and David jointly ploughed Yr hunedd in the spring before David William entered and also sowed the same jointly and the corn was put in the barn and equally divided after it was threshed. That he head David William also say he had once agreed for the said premises and Ffridd fach together for £12 but that he should not have his bargain from Morris Evan. Says David William informed him the second agreement was made about the May before he came there to reside, but that he does not know whether he had ploughed part of the land before or not believes he had not, he before said that the said Morris Evan and David William ploughed part of Yr hunedd jointly in the spring. Gwen Morris of Machynlleth widow says that she in the dwelling house of David William looking after him and his children during his last illness repeatedly that he was not afraid of seeing the face of God but for one

cause only, viz., that he had nor sworn his settlement and was therefore afraid his children would be sent from David to parish. That there would have been no occasion to dispute his settlement being in pa. Pennal had it not been for David Humphrey of Cwmcadia and desired examinant if she knew anything about his settlement to say it certainly was in pa. Pennal.

Mary William, spinster aged 19, one of the children of the said David William says she heard her father when in health say that his settlement would have been in Pennal if David Humphrey of Cwmcadia had not confused him. Says she also heard him say the last day he lived when his intellects were clear the same thing and that on that occasion he was afraid his children would be driven from one parish to another.

Henry Jones of Goodwig in pa. Pennal says that his tenement adjoins Brynllwyd. That David William rented at Brynllwyd under Morris Evan for two years Llechwedd y coed, Caelletyrrnant, half of Yr henedd and the small dwelling house but what outbuildings he cannot tell. That he quitted last May eleven years. That he does not know whether he rented Cae bach or not. That he had 2 horses, 2 cows and a heifer but no sheep. Believes he had no other stock. That he does not know how much corn he raised nor does he know what rent he paid.

Richard Williams of pa. Llanwrin, yeoman, says that the second year of David William residing at Brynllwyd examinant took Maespoeth and part of of Brynllwyd farm from Morris Evan and also agreed with David William for the summer pasture of his cows, three in number, in Llechwedd y coed along with David William's cattle which were two cows and a heifer. That he had also 2 horses but no sheep nor any more cattle. That the pasture for two of the cows was taken about three weeks before the pasture for the third. Does not recollect how much he paid for the said pasture of his three cows but says that the following year he rented all Llechwedd y coed from Morris Evan for £2 10s. That the said David William rented the first year examinant lived at Maespoeth, Llechwedd y coed, Caelletyrrnant, and a half of Yr henedd, but he does not know whether he held Cae bach or not.

... Vaughan of Glyncaerig says he has viewed ... David William as tenant to Morris Evan. Says the said B... of £9 as the said Morris Evan was to pay all taxes and ... 10s ... Caelletyrrnant £1 10s, Cae bach 10s, half of Yr henedd ... house and stable ... in all £9.

You'll be pleased to observe that Harry Hugh and Edward Vaughan differing in their valuation of the premises. Mr. Jones who drew this case by the directions of both parties employed one John Lewis to go over and value the premises a copy of whose valuation is hereunder set forth: half of Yr henedd £3; Caelletyrrnant £1 10s; Llechwedd y coed £5; Cae bach 10s; the house, stable and isle £1 10s.

Mr. Leicester with the consent of the appellants and respondents and of the parishioners of Pennal is requested to peruse this case and the agreement, examinations of witnesses and several valuations of the premises and before he quits Poole to advise.

Query. Whether under the several circumstances herein before stated the pauper David William was settled in pa. Talyllyn or in pa. Pennal. The several orders of removal shall at the next Q.S. for Montgomeryshire be confirmed or reversion of opinion shall think right.

Opinion. Upon the law of the case there can be no doubt if the tenement rented by David William from Morris Evan in pa. Talyllyn which said William appears to have resided a sufficient length of time was of the yearly value of £10, a settlement was gained then it is of no consequence what rent he paid, except as one intention of evidence to ascertain the value. That he did rent or what was the value of it are facts depending entirely upon the evidence. As to all the evidence arising from the declaration of David William and Morris Evan, the greater part of it is inadmissible and is no contradiction that it is not to be at all depended on, but it appears from the weight of the legal and satisfactory evidence on both sides shall in fact he occupied Caelletyrrnant, half Yr henedd, the house and stables for a considerable time and this is admitted by some of the evidence of the appellants. As to the value of it, from the three valuations given I have no ... the value of the premises was sufficient and in the valuation ... he ought not to have deducted the taxes and tithes though the ... to pay them as perhaps this may in some measure reconcile the three ... On the whole therefore I am clearly of opinion the evidence here stated that David William gained a settlement in Talyllyn. H. Leicester. Poole, 26 March 1790.

On the reverse: Talyllyn and Machynlleth. H. Jones, Machynlleth, Poole sessions 26 March 1790.

Filiation order. [91T13]

The order of John Davies, esq., and Matthew Worthington, clerk, J.P.s, one of the quorum, and both residing in or next to the limits of the parish church within pa. Llandysilio made 11 June 1791 concerning a male bastard child lately born in pa. Llandysilio on the body of Anne Morris, single woman. It appears to us as well upon the complaint of the churchwardens and overseers of pa. Llandysilio and the oath of Anne Morris that on 29 April 1791 she was delivered of a male bastard child at Brynmawr in the said parish and that the child is chargeable to the said parish and that Edward Edwards of Carreghofa in co. Denbigh, gent, did beget the child on her body, and that it has been duly proved to us on oath that the said Edward Edwards duly summoned to appear before us but has neglected to do so, we therefore adjudge him to be the father of the said child. We thereby order that he pay to the churchwardens and overseers the sum of £2 18s 6d towards the lying in of the said Anne Morris and its maintenance. We further order that he pay the sum of 1s 9d weekly for the maintenance of the child as long as it is chargeable to the said parish. John Davies, Matthew Worthington.

Writ of *venire facias*. [91T14] [fragment only]

Order-road diversion. [91T15]

13 July 1791. We, two J.P.s, having upon view found that a certain part of a road in pa. Castlewright in pa. Mainstone lying between the gate above Pentre house and the gate adjoining to a late mill below the house for 659 yards in length and particularly described in the plan annexed may be diverted and turned so as to

make it more commodious and near to the public and those immediately concerned; and having viewed a course prepared for road in lieu thereof through the lands of Samuel D'Edwards, clerk, the length of 720 yards and the breadth of 18 feet particularly described in the plan annexed and having received evidence of the consent of the said Samuel D'Edwards in writing, we hereby order the said road to be diverted. John Herbert, Thomas Browne.

13 July 1791. I, Samuel D'Elbeuf Edwards of Pentre Hall in pa. Mainstone, clerk, being owner of the lands described in the plan annexed hereto, through which part of a road lying between the gate above Pentre house and the gate adjoining to a late mill below the house is intended to be diverted and turned in consideration of the old road being sold, exchanged and to be entirely vested in me hereafter, do hereby consent to the making and continuing such new road. Samuel D'Edwards*.

Case for counsel opinion-removal. [91T20]

Two justices by order moved Richard Jones, Catherine his wife, Elizabeth, Richard and Mary their children from pa. Llanfair to pa. Penegoes, and on appeal both parishes have agreed to state the following and to abide by our opinion. Richard Jones the pauper was born at Aberhosan in pa. Penegoes and never did any act whatever to gain a settlement. His father Hugh Jones was born in pa. Darowen in which his father's settlement then was, but he the said Hugh Jones acquired a settlement in pa. Machynlleth by a hiring and service for a year and sometime afterwards married and removed with his wife and two children, John and the pauper Richard, to pa. Llanfair.
 Richard Jones the pauper several years ago married Catherine his present wife and they have ever since (until the removal aforesaid) resided in pa. Llanfair.
 On 9 June 1777 the pauper Richard Jones's grandfather by his will duly executed so as to pass real estate of inheritance devised to the pauper and his heirs for ever a dwelling house in Aberhosan in pa. Penegoes now let at £1 4s per annum, and upon the testator's death which happened about fourteen years ago, his son Hugh, the pauper's father, entered into the receipt of the rents and continued therein ever since and the pauper never received any rent for the same, but the pauper being poor has been assisted every year by his father more than such rent.
 The parishioners of Llanfair contend that settlement of the pauper and his family is in pa. Penegoes where his small estate is situate and that the justice have done right in removing them from Llanfair, whereas the parishioners of Penegoes insist that the pauper's settlement is in pa. Machynlleth and that though the pauper has a property in their parish and could not be removed from thence yet that residence is necessary to gain a settlement and as he never resided thereon nor lied in the parish where the estate lies, he having a house or land in the parish will not gain a settlement.
 You will therefore be pleased to peruse this case and advise whether the order should be quashed or confirmed.
 I am of the opinion that the pauper gained no settlement in pa. Penegoes by reason of the devised estate without residing in the parish where it lies; and that the pauper's settlement is at Machynlleth the settlement of the father, the pauper never having gained any settlement of his own/ The order of removal therefore I think must be quashed. H. Lycester, Lincoln's Inn 9 July 1791.

Letter-bridge. [93E9]

Ffynnant 2 January 1792. Lloyd Jones, esq., to John Thomas, attorney at law, Llanfyllin about Llannerchemrys bridge. I received yours yesterday which dd not a little surprise me, the account mention about Llannerchemrys bridge I settled by order of Q.S. with Mr. Lloyd and Mr. Edwards at Bodfach on 15 July 1788 and which were sent that Q.S. to Montgomery; some time before the bridge was made in a great measure new, and I am much surprised how Mr. Williams could make such a mistake. If you will call upon me when you come this way I will convince you more, and the expense has occurred Mr. Williams must pay.

Letter-bridge. [93E10]

Ffynnant 15 January 1792. Lloyd Jones, esq., to John Thomas, attorney at law, Llanfyllin about Llannerchemrys bridge. I am sorry to hear that you are indisposed, the amount you sent me on 27 October last belonging to Mr. Williams and made out by the clerk of the peace was as under.

Due to Mr. Williams Michaelmas Q.S. 1790	17	10	0
The subsequent cost of respiting	7	19	0

Mr. Williams was paid on 25 July 1783, £12 12s by Mr. Simcocks. Taken before Samuel D'Elbeuf Edwards for Richard Bishop of Forden to appear at the next G.Q.S. to answer a bill of indictment to be preferred against him for feloniously taking and carrying away seventeen pieces of oak timber property of the guardians of the poor of pas. Montgomery and Poole and the places united therewith in cos. Montgomery and Salop.

Taken before Samuel D'Elbeuf Edwards for the said Edmund Ede to appear at the next G.Q.S. give evidence on a bill of indictment to be preferred against Richard Bishop of Forden for feloniously taking and carrying away seventeen pieces of oak timber property of the guardians of the poor of pas. Montgomery and Poole and the places united therewith in cos. Montgomery and Salop.

Information-theft. [93T27]

22 June 1793. The information of Charles Madeley, clerk to Joseph Bromfield the surveyor of the house of industry now erecting for the guardians of the poor of pas. Montgomery and Poole and the places united therewith in cos. Montgomery and Salop on Hems Wood in pa. Forden. Says that on Thursday last about eight o'clock in the afternoon he saw Richard Bishop of Forden, sawyer, go from a sawing cabin at the Hem Wood where he had been sawing timber for the said guardians with a bag on his back. That Henry Palmer, clerk of the works, immediately called out loudly to the said Richard Bishop by name, who did not stop or appear to take any notice of it, although this informant is confident he must have heard it. That Henry Palmer pursued the said Richard Bishop, apprehended him and brought him back to the clerk's office there in this informant's presence, where the bag was opened. That they found therein 16 pieces of slab oak timber and one piece of spar oak timber which this informant verily believes to be part of the timber there belonging to the said guardians. That the piece of spar and the piece of slab now produced are two of the said pieces. That his informant and the said Henry Palmer thereupon interrogated the said Richard Bishop why he did so and told him that he certainly should be prosecuted for it; and the said Richard Bishop answered that he did not see why they should be more severe with him than with others who he knew had done the same. That he did not say anything besides in excuse or exculpation of himself and particularly that he did not claim all or any part of the said pieces of timber as his own, nor say that he had purchased the same. Charles Madeley*. Taken before Samuel D'Edwards. *At the foot*: In £40 to give evidence at Q.S.

Examination-theft. [93T28]

Who being charged with the felonious taking of sixteen pieces of slab oak timber and one piece of spar oak timber, property of the guardians of the poor of pas. Montgomery and Poole and the places united therewith in cos. Montgomery and Salop at Hems Wood in pa. Forden, says that the said piece of spar timber is his own property he having bought the same and other spar timbers of Thomas Hall of Worthen who is clerk to Mr. Snead last Thursday evening between the hours of seven and eight o'clock for 6d which he paid him in the presence of Isaac, an apprentice to Richard Davies of Berriew, carpenter. That the pieces of slab timber were what he had sawn off the timber of the said guardians at Hems Wood and that he took the same for fuel having a great family and no firing. That he did therein no more than others at work there for he saw Richard Davies of Forden, carpenter, carry away chips and other offal, viz. ends of boards and such like many times. Also saw Ann wife of the said Richard Davies do the like as well alone as in the company of the said Richard. Also he saw one Bostock of Hem, carpenter, do the like several times. Likewise saw John Watkin of Hem and his wife and children do the like. Also saw his brother John Bishop of Hem, sawyer, take and carry away pieces of slab for firing several times. That his examinant omitted to mention that he purchased the said spar timber of Mr. Hall merely through the fright he was put in by being charged with stealing. That he read the printed paper stuck up on the posts and buildings on the said Hems Wood against the taking any slabs or spars belonging to the said guardians some time before this examinant took the said timber and that the same was explained to him and others several weeks ago by Henry Palmer. Richard Bishop*. Taken before Samuel D'Edwards.

Petition-church. [93M19]

To the J.P.s at the G.Q.S. on 10 October 1793.

The humble petition of the minister, churchwardens and major part of the principal inhabitants of pa. Berriew.

That the parish church of Berriew is a very ancient structure and that the same by length of time notwithstanding the great expenses the parishioners have from time to time been at in repairing and endeavouring to keep up the same is become so ruinous that the parishioners cannot assemble therein for divine worship without great danger to their lives. And that the church cannot any longer be supported but must be taken down and rebuilt the charge of which will amount upon a modest computation to the sum of £1700 and upwards (exclusive of the old materials which are of little or no value) which sum the parishioners are utterly unable to raise among themselves being mostly tenants at rack rents and greatly burdened with a numerous poor and the support of several bridges. Your petitioners humbly pray you will be pleased to grant them a certificate whereby the truth of the premises may be better known in order to obtain his Majesty's gracious letters patent to enable them to ask collect and receive the charitable contributions of all good and well disposed Christians in such manner as to you shall seem meet. Browne*, vicar; Arthur Davies Owen*, John Humphreys, churchwardens; Thomas Roberts*, Edward Higgins*, Richard Price*, Edward Holl*, Edward Jones*, David Humphreys*, John Brick*, David Austyn*, Edward Haynes*, John Austyn*, Edward Humphreys*, Richard Humphreys*, James Higgins*, Thomas Roberts*, William Lewis*, Evan Ellis*, Richard Williams*, Ambrose Gethyn*.

Case for counsel opinion-removal. [94E23]

Mary Jones, single woman, was removed by order from pa. Llanfechain to pa. Guilsfield and the special case stated at the sessions under appeal at the mutual request of the appellants and respondents was this: The pauper at Christmas 1791 hired with one David Owen in pa. Guilsfield to serve him until May following (1792) when she hired for another year with the same master in the same parish, viz., from new May 1792 to new May 1793. In the March preceding May 1793 the pauper hired with the same master to serve him a year in pa. Llanfechain, from New May 1793. The pauper served until about old May 1793 under the last contract in pa. Guilsfield and then removed with her master and his family to pa. Llanfechain and continued in his service there until the December following when she was removed to said pa. Guilsfield. The pauper received all her wages under the different hirings and was not absent during any part of her contracts. On the part of the appellants the following cases were quoted on which they rely – King against Fife hears Magdalen Michaelmas 11 George II; King against Croscomber Michaelmas 19 George II, King against Undercarrow and Bradley field Michaelmas 20 George III. On the part of the respondents it is contended that the cases cited are not applicable in as much as the hiring in March 1793 was expressly made to serve for a year in pa. Llanfechain and to commence from the expiration of the year at May 1793 in Guilsfield and continues only until December 1793. The parties have agreed to abide by the opinion of counsel and the appeal has by mutual consent been adjourned to the next Great Sessions when the order of removal will be either confirmed or reversed as counsel shall direct. You are therefore requested to peruse the foregoing case and the several cases quoted and the observations thereon and advise. Query: Whether the settlement of the pauper is in pa. Guilsfield or in pa. Llanfechain?

There is in this case a continuance in the same service without any chasm or interruption from the beginning to the end and the only fact upon which any doubt appears to have arisen is that the last hiring was to serve him in Llanfechain, but I am clearly of opinion that makes no difference – it did not make it a new service, so as to prevent the service from May 1793 being connected with the service that preceded it, and there is therefore all that is required to constitute a settlement; that is, a hiring for a year and a service for a year without any discontinuance in the service, and if there is no discontinuance of the service it need not be under the same hiring. I am therefore clearly of opinion the settlement is at Llanfechain. H. Lycester*, Mold, 12 April 1794.

Examination of George Hodson of the borough of Montgomery, tanner, Charles Gardiner Humphreys, gent, and John Davies of the same, yeoman, taken before Charles Thomas Jones, gent, the deputy of John Herbert, esq., one of the bailiffs of the said borough touching a pair of shoes stolen from his dwelling house some time ago and since then found in the custody of Matthew Beard of the borough, labourer, and now produced. George Hodson says that some time ago he lost a pair of shoes from his dwelling house at Montgomery and the shoes now produced may be the same shoes but that he cannot positively swear to the same they being nearly worn out and not fitting him as they ought. The said Charles Gardiner Humphreys says that having lately lost a pair of shoe from his own house and having from many circumstance just reason to suspect that the said Matthew Beard had stolen them, he moved a warrant to search the house of the said Matthew Beard and whilst he was so doing the said Matthew Beard went upstairs into a loft or attic room over where this deponent then was when John Davies the other witness followed the said Matthew Beard an in a short time came down desiring the examinant to go up to the said Matthew Beard which he did and the said Matthew Beard then fell on his knees and voluntarily confessed to this witness that the shoes which he then had on his feet were the property of the said George Hodson and that he had stolen the same from off the stairs in the dwelling house of the George Hodson and this witness then directed him to take the shoes off his feet which he did and the witness then cut a mark or slit in each shoe to identify the same and that the shoes now produced are the same shoes so acknowledged to have been by the said Matthew Beard stolen from the said George Hodson.

Witness John Davies says that on following the said Matthew Beard up stairs he the said Matthew Beard confessed to this witness saying 'God knows John I have got no stolen goods of any body's in the house but those shoes of Mr. Hodson's on his feet' and this witness the endeavoured to make him confess about several other things which he was suspected of having stolen but that Matthew Beard denied any knowledge of the same and that the shoes were immediately after cut a mark by the other witness Mr. Humphreys and delivered sealed up to this examinant and are now produced here. George Hodson*, Charles Gardiner Humphreys*, John Davies*, Charles Thomas Jones*.

Letter and militia certificate. [95H31]

Thomas Archer, Sergeant Major, Maidstone, to John Thomas, attorney, Llanfyllin.

15 December 1794 at Maidstone, Kent. I certify that Thomas Leadbeater of Shrewsbury, shoemaker, is now serving as a substitute for John Jones of Llanrhaeadr ym Mochnant for Samuel Morton of Bodynfol, pa. Llanfechain, farmer, Thomas Leadbeater being a second substitute. Edward Jones of Llanfihangel, sawyer, substitute for Robert Davies of Greenhall, labourer. H.W. Parry*, Major Montgomeryshire Regiment. The above is a certificate for Thomas Leadbeater and Edward Jones taken from the regiment's book which I hope will prove satisfactory. Sergeant Thomas has left the roll for hd. Mathrafal with his wife in Poole which I hope you have received as Sergeant Thomas has wrote to his wife to forward it to you immediately. Major Parry desired me to make his complements to Mr. John Thomas and can not at present send an account of what men will be wanted from the county the spring as he is at this present very poorly, Lord Powis being in London and Lieut. Colonel Browne in the country. Pray give my humble to Mr. Davies of Trewylan and should be glad to hear of his being in good health as this leaves me and mine having buried my wife and one child this last campaign ... have Davies write inquiring after her health but ... answer, our latter part of the campaign was very wet which made it very disagreeable, but now we are stationed in very good winter quarters through the goodness and interest of Lord Powis to obtain the regiment to be quartered in this town of Maidstone

Report on roads and canal. [95H109]

We have taken into consideration the situation of the neighbouring parishes and townships and their respective connection with these bridges and how they would be affected by taking down those at Buttington and Cilcewydd and erecting one at Rider's Ford in lieu of those two. And it appears to us that if there be no bridge where that of Buttington is now situate or near there – the inhabitants of the lower and greatest part of pa. Buttington would have no certain road to communicate with the intended canal without travelling from Buttington to Rider's Ford and meet the canal at Poole which in the whole is the distance of 2 $\frac{3}{4}$ miles, 22 yards, whereas by passing over Buttington bridge they will meet the canal at Buttington Cross being distant from Buttington village only a quarter of a mile and 396 yards.

Supposing a road made in a direct line from the present Shrewsbury road near Buttington Hall to the high water mark south of Rider's Ford, the length of road from Buttington Hall that way to the town of Poole would be 550 yards more than the present road by Buttington Cross. Besides the banks of the river Severn at Rider's Ford are composed of loamy soil to a considerable depth and liable to be washed away by the current of the water especially above the ford where a great beach has recently been made and is likely to be further worn in that direction which makes the situation unfavourable as well as being expensive for a bridge. Should there be no bridge at Cilcewydd the inhabitants of the greatest part of pa. Forden and those of the lower townships in Chirbury would have no certain road to communicate with the intended canal without going from the Cock Inn on Forden's Heath along the Leighton road to Leighton turnpike then turning over Severn at Rider's Ford to meet the canal at Poole which is the distance of 4 miles, 33 yards whereas by continuing a bridge at Cilcewydd they will go directly from the Cock Inn over the said bridge and meet the canal at Sarnybryncaled which is only 2 $\frac{1}{4}$ miles. Report. [95H111]

Pursuant to an order at the last G.Q.S. appointing us to view and report the state, situations and other circumstances relative to the several bridges of Buttington, Cilcewydd and Caerhowel, we have surveyed and examined them accordingly and do hereby report.

That Buttington bridge being timber, bearing on butments and pier of stonework – the timber thereof is much out of repair and as the butments appear to be substantial and the pier may be easily made so, we apprehend that by taking out such of the timbers as are broke and decayed and introducing proper new ones in lieu thereof this bridge would be substantially useful for many years.

As to the situation of the banks of the river at and near this place it will not admit of an arched bridge.

Cilcewydd bridge being 360 feet in length consists of 22 bays of timber bearing on cross frames of timber, except the north end where there is a butment of stonework. This bridge is much out of repair, many of the principal timbers both upright and bearers being broke and decayed gravel railing are in a ruinous state. This bridge may be much shortened by taking down 13 bays (being about half the length) at the south end and widening the river to that side above and below the bridge by sloping the bank to an easy elevation, the soil thereon being removed to raise an embankment for a road to the bridge in lieu of the 13 bays proposed to be taken away. This alteration will leave as much water-room as there is now under the 2 bays. As the bridge may be by this means much shortened we apprehend that the remaining part of the timber work may be repaired with the old timber from the bays to be taken down, except a few new principal pieces. In that case the stone butment being in a falling state should be taken down and re-built and from the present state of the whole it requires a special attention. This situation will admit of an arched bridge but there being no materials near for that purpose we recommend the above mode of reparation which may be done at a very moderate expense compared with that of building a stone or brick bridge.

Caerhowel, a timber bridge with a pile and trouse weir to support the foundation the whole of which is at this time in such a state as nor being otherwise advisable to be repaired than safely secured and kept passable until one can be erected and such repairs should be immediately attended to. This situation is too flat for any other than a timber bridge and such as we conceive cannot be depended upon for a permanent foundation without a weir, and as the roads leading to and from the bridge are very narrow, crooked and incommodious we recommend that a new stone bridge be erected 400 yards higher on the river where there is a good natural foundation, the grounds on each side confine the highest floods and are of sufficient height with moderate filling to admit of such a bridge of a proper elevation. We believe that durable and well shaped stone may be had for the building of most parts of such a bridge at Goron Ddu common within the distance of one mile from the proposed situation. To communicate with the proposed bridge from the present main roads on the north and south sides the vale a new road must be made through lands of Lord Powis and others of the length of 1000 yards. Thomas Jones*, Thomas Colley*.

Machynlleth and the south end of Pentrerhedin Street in the town of Machynlleth is intended to be diverted and turned (in consideration

of the land and soil of so much of the old footpath as is to be diverted as lies in our respective properties) do hereby consent to the making and continuing such new foot path through our respective lands. John Herbert, John Edwards.

Order- footpath diversion. [95E16]

We, two J.P.s, at a special sessions at Machynlleth on 21 January 1795 having upon view found that a certain footpath in tp. Machynlleth lying between Llynloedd wood and the south end of Pentrerhedyn Street in the town of Machynlleth for the length of 374 yards or thereabouts and particularly described in the plan annexed may be diverted and turned so as to make it more commodious to the public and having viewed a course proposed for the new footpath in lieu thereof through the lands of John Herbert, esq., and John Edwards, esq., of the length of 330 yards or thereabouts and of the breadth of three feet and having received evidence of the consent of the said owners, we order that the said footpath be so diverted. Informations-theft. [95M8]

30 September 1795. Taken before Charles Thomas Jones, J.P. for the borough of Montgomery.

Susanna wife of Thomas Hughes of the borough says that sometime between yesterday at noon and seven o'clock this morning a quantity of wheat in the straw, tied in small bundles and containing upwards of 20 bundles, as near as she can calculate about a peck and a half of wheat, which she had lately obtained by leasing and which remained her property was feloniously stolen out of the Bell Barn in the said borough by some person or persons unknown. That two of the bundles of wheat now produced and which were found in an upper room of and in the dwelling house of Richard Lewis in the borough are as she verily believes part of the said wheat so lost, and her reason for thinking so is that they are tied exactly in the same manner as she tied hers, and she recollects that several of her bundles had a few stalks and ears of barley in them just as are in one of the two bundles found in the said house. And she believes that the said wheat so stolen was of the value of 3s or thereabouts, and that the same was feloniously stolen and taken away by the said Richard Lewis. The mark of Susanna Hughes.

Samuel Davies of the borough, husbandman, and Margaret his wife. Margaret says that yesterday after six o'clock in the evening she locked the door of the Bell Barn in the borough and put the key in her pocket. That she left several small bundles of unthrashed wheat in the barn belonging to Susanna Hughes which wheat was tied round and contained as she supposes about a peck and a half. That she kept the key in her pocket till about six o'clock this morning when she put it on the table for her husband. The mark of Margaret Davies. The said Samuel says that his little boy gave him the said key about six o'clock this morning and he

thereupon went to the said barn in order to thrash the said wheat, but found that the same as taken away. Samuel Davies*.

Richard Lewis of the said borough, labourer. On being charged with feloniously stealing and taking away several bundles of unthrashed wheat belonging to Thomas Hughes says the wheat this day found in his house has been therein nine days or more, and was bought there by his daughter Susanna, who obtained the same by leasing. That many of the bundles were untied and opened in order to dry they having been leased in the mornings while the dew lay on the ground – that they were afterwards retied in a different manner and more carelessly than the others. That he went to bed last night about seven o'clock or between seven and eight o'clock, and did not get up till after six o'clock this morning. That Jane Owens otherwise Morris who lodges in his house was up in it last night after he went to bed and this morning before he got up, and that she locked the door of his house last night and unlocked it this morning, but whether she kept the key or left it in the door last night he cannot say. Richard Lewis*.

Account-militia. [96E3]

To the overseers of the poor of pa. Llangynyw.

21 January 1795. Whereas it appears to me, a J.P., of co. Salop, by a certificate under the hand of H.W. Parry, Major of the Montgomeryshire Militia, that Edward Stephens of pa. Selattyn in co. Salop serves as a substitute in the militia for David Hughes of pa. Llangynyw. And whereas the said militia was embodied and called out into actual service on 13 February 1793, and whereas Elizabeth Stephens wife of the said Edward did this day appear before me and make oath that she was legally married to the said Edward and had by him one legitimate child and that she and her child were become chargeable to the parish to which they belonged and that they dwell in pa. Selattyn. And further that she received an allowance for herself and child from the said 13 February until 12 February 1794 when the same was withheld by the officers of Selattyn under the pretence of then having lost the certificate given by the major of the militia, I hereby certify that I did therefore by an order bearing equal date herewith order the overseers of pa. Report-bridge. [96E10]

Report on New Bridge over the Efyrynwy near Meifod.

This bridge consists of two arches about 36 feet span each of rubble stone work on butments and pier of the same, laid on platforms of timber with freestone coping, and is in a tolerable state of repair but the water has recently in part changed its course occasioned by large beds of gravel having accumulated near the middle of the river a few yards above the bridge, which, dividing the stream, has occasioned it to wear away so much of the west bank of the river immediately above the bridge as to endanger the butment and has a strong tendency to cut through the lands on that side, so as entirely to desert the arches, if not speedily prevented. To effect which the upper wing wall of the bridge at the west end ought to be extended about 18 feet and as high as the surface of the ground, built strong on a good platform of timber secured by piles and that bank of the river for about 85 yards in length secured from wearing further by a strong pile and trowse fence. The gravel beds in the river ought to be removed so as to admit the water to have a free course to the arches. Or if another arch of 30 feet span was added to the bridge at the west end and the gravel beds removed the said fencing may be saved, but in that case a new road must be made through the lands of [blank] Owen from this bridge southward towards the other new bridge over the river Caereinion, the present road in that place being now too near this bridge to admit of a commodious turning and is in other respects unsafe.

The expense of the first mentioned work of securing the said bridge etc will be about £120. That of erecting an additional arch, making a new road etc will be about £250. Thomas Jones*.

Depositions-gun. [97H3]

The King on the prosecution of Owen Jones against Thomas Hugh the younger. Owen Jones of Cwmllowy in pa. Darowen, gent, the prosecutor, Mary Edwards of the same, spinster, and Elizabeth Evan of Pen-y-banc in pa. Llanwrin, spinster, severally make oath and say and first the said Owen Jones for himself that Thomas Hugh and his father Thomas Hugh in the night of 4 October 1795 erected a small hut or poor cottage on this deponent's sheepwalk belonging to Cwmllowy which consisted of walls made of clods of earth covered with fern. That his deponent went on 5 October to the said cottage accompanied by his wife, his two sons, Owen and John Jones, and the other deponents Mary Edwards and Elizabeth Evan. That as soon as they arrived this deponent directed his two sons to pull down the wall which the defendant and several other persons had built at the distance of about two yards from the said cottage which this deponents sons began to do. That thereupon the said defendant let off a charge from a gun which was pointed at this deponent's son Owen Jones. That the deponent saw the defendant put another charge into the gun and this deponent's wife asked

him if it was he that had shot at her children. That the defendant answered yes by the devil and have at our heart if you touch my house. And the other deponent Mary Edwards for herself says that on the same 5 October the other deponent Owen Jones requested this deponent to go with him and the several other person before mentioned to a cottage that had been built by the defendant and his father in part of the sheepwalk belonging to Cwmllyw the night before. When they arrived there she saw the said Owen Jones the younger and his brother John pull down part of the wall which had been built within about five yards of the said cottage. That she heard the report of a gun which was discharged out of near to the said cottage which she believes was pointed at the said Owen Jones the younger and that she saw smoke therefrom about his head. That soon after she saw a gun in the defendant's hand and saw the prosecutor's wife go to the defendant and ask him if he was the man who had shot at her children when the defendant said yes by the devil and have your heart if you touch my house. And the other deponent Elizabeth Evan says that she was at Cwmllyw on 5 October and was desired by Owen Jones to go with him to a cottage which the defendant and his father had built. She saw the brothers pull down part of a wall which had been erected near the said cottage which she apprehended was intended to enlarge the same. That soon afterwards a gun was discharged out of near to the said cottage at the said Owen Jones the younger and that she saw part of the smoke from the powder about the collar of his shirt. That immediately afterwards she saw the defendant with a gun in his hand outside the cottage and saw him rise the rod of the gun and appeared as if he had put a charge in it. That the prosecutor's wife went to the defendant and asked him if it was he that had shot at her children to which he the defendant replied yes by the devil and have at your heart if you touch my house. Owen Jones*, the marks of Mary Edwards and Elizabeth Evan. Sworn at Dolgadfan 11 January 1797, the same having been first read over and explained to each of the deponents before me, David Griffiths.

Depositions-gun. [97H7]

King on the prosecution of Owen Jones against Thomas Hugh the younger. Evan Jones of Belandeg [Berllandeg] in pa. Darowen, farmer, Abraham Williams of Tycerrig in the same parish, farmer, Evan Wood

of Cefn-coch in the same parish, yeoman, and Lewis Jones of pa. Darowen, labourer, severally make oath and say first the said Evan Jones for his part that on 5 October 1795 he saw the prosecutor Owen Jones his wife and two sons, Owen and John, and Elizabeth Evan and Mary Edwards near to Cwmllowy in pa. Darowen. That the prosecutor requested this deponent to come with them to a cottage which had been erected by the defendant and his father on part of the sheepwalks belonging to Cwmllowy. He went with him and saw the prosecutor's two sons pull down part of a wall which was built near to the said cottage which the deponent apprehended was intended to enlarge the same. That thereupon a gun was discharged out of near to the cottage which was pointed at the prosecutor's son Owen Jones, this deponent having seen about a half of the barrel of the said gun when it was let off. That soon afterwards he saw the defendant come out of the said cottage with a gun in his hand which he immediately afterwards charged and he heard the defendant say now have at your heart or words to that effect and the other deponent Abraham Williams for his part said that he was on the road to Machynlleth on 5 October 1795 with Evan Jones and went with him to the cottage and saw the sons pull down the wall and saw about half of a barrel of a gun pointed as he apprehended between the wall of the cottage and the fern on the top at the prosecutor's son Owen Jones and which was discharged at him. That he saw the defendant come out of the cottage with a gun in his hand. Evan Wood for his part said that on 6 October 1795 he went to a cottage erected by the defendant and his father on part of the sheepwalk belonging to Cwmllowy when he saw the defendant and his father and other persons building a wall round about the said cottage for the purpose of enlarging the same. That the deponent saw two guns on the ground near to the cottage and took up one of them in his hand. That thereupon the defendant told this deponent that Matthew (who was one of the persons assisting in erecting the wall) had put into it, meaning the said gun, an old charge of the kind which he had seen his father put into it a long time ago. That this deponent asked him what it was and whether it was horse nails to which the said defendant said he had put something that would do. That the defendant showed this deponent the place where the prosecutor's sons had pulled down the wall the day before and said he could not have a place to let the gun off out of the cottage as there was some fern in the way and showed this deponent how he had opened the wall and in what manner he had placed the gun and let it off at the prosecutor's sons. The deponent Lewis Jones says that in the month of December 1795 he met the defendant at a place called Tynygraig in pa. Darowen. That they entered into a discussion about the cottage that had been built by the defendant and his father upon Cwmllowy sheepwalk. That the defendant informed the deponent that he had a gun in his hand loaded and that he had endeavoured to let it off out of the said cottage at the heir of Cwmllowy, meaning the prosecutor's eldest son Owen Jones but that he had not enough of room. That the defendant went to the door and rested the gun upon the fern which was there and discharged it at the prosecutor's eldest son and that he wishes that the gun had been heavier loaded that he might have finished him. The mark of Evan Jones, Abraham William*, Evan Wood*, the mark of Lewis Jones. Sworn at Dolgadfan 11 January 1797, the same having been first read over and explained to each of the deponents before me, David Griffiths.

Certificate of conviction-game. [97T36]

9 April 1797. John Pryce of the Gaer, clerk, in his proper person, came before me, Maurice Edward Lloyd, clerk, J.P., and gave me to understand that Richard Evans the younger of pa. Trefeglwys, husbandman, with three months last past, on 2 March 1797, not having then lands or tenements or some other estate of inheritance in his own or wife's right of the clear yearly value of £100 nor for the term of life or any lease or leases for 99 years or any longer term of the clear yearly value of £150 nor then being the son and heir apparent of an esquire or other person of higher degree nor then being the owner or keeper of any forest, park, chase of warren nor then being in any other manner qualified empowered or licensed by the laws of this realm wither to take kill or destroy any sort of game whatsoever or to keep to his use any setting dogs or gun for that purpose did at pa. Trefeglwys keep and use two dogs called setting dogs and one gun to kill and destroy the game. Whereupon the said Richard Evans afterwards at Trefeglwys had notice of the said information and of the offence charged against him and was then summoned to appear before me at Llanfair to make his defence on 2 May 1797 at Llanfair, but he did neglect to appear. I therefore on 2 May 1797 proceed to examine the truth of the complaint contained in the said information. James Gillart of Tyn-y-fron in pa. Llanfair, a credible witness, came before me to prove the charge and on oath states that on 2 March 1797 Richard Evans did keep dogs and a gun to kill game. I adjudge him to be guilty and is hereby convicted and has forfeited the sum of £5 to be distributed as the statute provides. 2 May 1797. Maurice Edward Lloyd.
